I had at first considered that a Committee of ~~Non~~ Mixed Officials and non-Officials would answer the purpose better and the opinions of Gentlemen whom I was desired to consult were taken on this basis. At a recent interview the Lieutenant Governor was pleased to remark that it is inexpedient to give an Official character to the Committee and that it would be better to enlist the Co-operation of prominent gentlemen. In a place like Bangalore it is possible to secure a sufficient number of public spirited gentlemen to serve on the Committee whose names may be given throughout in their ~~Public~~ Official capacity:

A number of petitions has been received from one Mr. Seshachala the brother of Mrs Gopalachariar advancing his claims to be placed in charge at least of the orphanage and the library. The main contention is that he was nominated by Mr. Gopalachariar as a joint manager. The nomination was for a special contingency and further no rights can accrue by such nomination as the institutions is a Mayoral one. Apart from this clause Mr. Seshachala has fallen out with Mrs Gopalachariar and between the two the Govt will have to respect the claim of the latter. 2) The second alteration is somewhat more debatable. It is to include the so-called Ladies Seatimes and of the deprived authorities of the Municipality. I am still doubtful about the expediency and correctness of including a social organisation of the kind in what is mainly an added Municipal institution, but I have no objection to the experiment being tried if the Committee of management has no objection. Similar alterations have been made in the rules. It will be observed that only permissive mention is made of the Ladies Section, the details of working being kept to the Section itself.

Subject:—

A scheme of management for the Srinivasa Mandiram and Charities at Bangalore.

The Srinivasa Mandiram otherwise known as Sri Byatarayaswami temple at Balepet, Bangalore City, was many years ago an insignificant Muzrai institution in a neglected condition and it was almost entirely due to the labours of the late Janopakari Mr. Gopalacharlu that the institution was greatly improved and popularized and a large measure of public and Government support obtained. An Orphanage and a Free Reading Room and Library were in course of time added, with a Ladies' Section as an auxiliary of the Reading Room. To meet the growing needs of the institution, the original tasdik of the temple was considerably increased and special grants were made from public and local funds to help its subsidiary activities.

During the life time of Mr. Gopalacharlu the institution was wholly under his personal management and the question of placing it on a business footing was repeatedly pressed upon him by Government. A scheme of management was submitted by him with his letter dated 25th June 1915, but he passed away before the orders of Government could be passed thereon. Under the altered circumstances, the Muzrai Superintendent was directed to submit a scheme in consultation with the Honorary President, Bangalore City Municipal Council, the Inspector General of Education and the Deputy Commissioner, Bangalore District.

The scheme now submitted by the Muzrai Superintendent and embodied in the set of rules hereto appended is on the lines suggested by these officers with certain modifica-

ons

modifications suggested by Mrs. Gopalacharlu who is reported to be managing the institution efficiently. Th scheme and the draft rules have the approval of the Members of Council.

A draft order of Government sanctioning the scheme is submitted for approval.

NOTE—Contn sheet

The suggested modification does not appear to meet the situation wholly. A preferential treatment will still have been retained for the benefit of Caste Hindus. Perhaps a differentiation of this kind is even more difficult to justify.

Again the introduction of the term 'generally' would likely be interpreted to mean by implication that the right of admission to non Caste Hindus which is not, it is believed intended to be conveyed. The rule of giving a peremptory power to the

management in the
exercise of their choice.
If in matters and cases
no right in individuals
or classes to claim admission.

Everything considered
it appears to me that it would
be preferable to omit the
rule altogether leaving the
whole matter to the discretion
of the management. But if
it is considered that a rule
of the kind is necessary, I
would merely suggest that
the offending words 'exclusive'
and 'Caste' be dropped. The
rule will then read as follows

'The orphanage shall be

orphans of and below 16
years of age'

My dear Sir Richard Gough,

I have read ~~xxx~~ the note by the Muzrai Secretary which has dealt lucidly with the pros and cons for the retention or otherwise of Rules 17 and 33.

It is seen from para 5 that the only question for consideration is whether any express power to exclude depressed and prohibited classes should find a place in the rules or we may leave things to the good sense of the men chosen to serve on the committee and the improbability of any from such classes seeking admission under the normal forces in operation in our society. As pointed out therein it matters very little which decision is adopted so long as the right kind of men are chosen to serve on the committee which may be relied upon to protect the best interests of the institution. I am inclined to

think that if we are desirous of encouraging libe alising influences such as toleration etc., as has been done in our sister States of Travancore and - Baroda, we should take care to see that no such express mention of prohibition etc., is made in the Rules, but leave it to the discretion of the men on the committee who may be chosen with care and de pended upon to protect the best interests of the - institution without unduly wounding the susceptabili ties of any class of people, to act as they think be taking into consideration all the circumstances and conditions that may be in operation from time to tim If this is accepted I would not omit the whole of Rule 17 as suggested but would modify it by adding the word "generally" after the word "be" in the first line and omitting the word "exclusive".

Rule 23 may remain as it is; for while it give power to the committee to keep out undesirables, it

does not like Rule 17 total

Yours Sincerely

with a note

6.3.18

Subject:--

Expediency of retaining Rules 17 and 23 of the Draft Rules for the management of Srinivasa Mandiram and Charities.

For convenience of reference the rules in question are given below: -

ORPHANAGE.

17. The Orphanage shall be for the exclusive benefit of caste Hindu orphans of and below 16 years of age.

LIBRARY AND READING ROOM.

23. The admission shall be free and unrestricted to the public but the Committee may keep out any person or class of persons for a sufficient cause

2. The most important point for consideration in this connection is the fact that both the Orphanage and the Free Library & Reading Room are auxiliary institutions attached to a Dharmic Hindu temple and actually situated within the premises of the latter. The temple itself is [illegible] managed [illegible] the Trustees [illegible] living in the locality and [illegible] in

question were freed [illegible]
guard their religious susceptibilities [illegible]
to maintain unimpaired the vast increase [illegible]
popularity of the terrible [illegible]
institution

3. Further, both the Oxbridge and the Reading Room owe their existence [illegible] ly to private philanthropy and the [illegible] time to be grant-in-aid institutions whatever may be the proportion of the Government contribution bears to the cost of the institutions. It is not intended for institutions of this class to be denominational or racial in character and instances have not been wanting where mere social status is demanded as a qualifying test. I believe that [illegible] essence of success in all such social institutions [illegible] be taken to fall under this head- [illegible] recognition should be given to [illegible] ideals and social merits [illegible] while free to choose according to [illegible] in silent advance of [illegible] opinion. Care should be taken [illegible] together elements which are [illegible] tendencies too much [illegible]

4 The [illegible]
[illegible]

of all caste Hindus under the same roof in the Orphanage and both sexes in the Reading Room. For some time at least, until public opinion is educated to recognize the injustice, some such restriction to keep out 'the depressed and prohibited classes' appears to be necessary if the sanctity of the temple in the eyes of the devotees is to be maintained and if the inmates of the Orphanage are to retain their social status

5. The only question for consideration is then whether it is better to give the management an express power to exclude these classes or to leave things in definite depending upon the improbability of any such seeking admission. It seems that it would matter very little which decision is adopted, so long as the right kind of men are chosen to serve on the committee whose good sense, we may rely upon to protect the best interests of the institution as a whole in its unique character as a combined religious social and educational centre If it is felt that the rules in question will retard the growth of a feeling of toleration among the ~~other~~ higher castes, they may well be dropped or modified without impairing the sequency of the other rules In that case I would suggest that the whole of rule 17 be omitted and as regards Rule 23, the first part may be incorporated with the next rule which will read as follows:--

'The admission shall be free and un restricted to the public but the Committee

may set apart special hours once a week or oftener for women to attend the Reading Room and during this time, to keep out members of the other sex.

A brief note on Srinivasa Mandira and its immediate requirements.

:0:

Now that Janopakari Mr. A. Gopala charlu to whom the Srinivasa Mandiram ow so largely for its development and manag ment has passed away, the question that calls immediately for consideration is t settlement of a scheme of management whi will suit the complex concerns of the institution.

The activities of the Srinivasa Mandiram fall under the following four classes.

1. The temple of Srinivasa or Byatarayaswamy which had originally cash grant of Rs.1-7-3 ~~which~~ in 19C was raised to Rs.16-7-3. This is a Muzrai institution subject to the control of the District Muzrai Officer. Also draws Rs 10 from Palace Committee

2. The Orphanage. This has no independent legal status. Started originally as a subsidiary activity of the temple, it has still retained this indefinite status, though it is in the enjoyment of 10 acres of wet land under the Mirle channel granted by Government a grant of Rs.50 per mensem tempora-

raised to Rs.100 a month for a period of 5 years from the Muzra Budget and Rs.20 per month from Educational Budget for giving a vocational training to the orpha In addition, a contribution of Rs was made from State Funds for th construction of the orphanage bu ing. From time to time the Gov ment had been pressing the late Mr. Gopalacharlu to place the in tution on an organized basis wit Committee of management and a re lar set of rules. This is stil to be done.

3. The Free Library and Readin Room. This is also a subsidia activity without any separate standing of its own and towards maintenance a contribution of Rs.~~35~~ 35/- from the Educational Budge and Rs.25 from the Municipal Bud is being received.

4. Ladies Section. Started for the advancement of Indian women it appears to be maintained by privat contributions from lady members w meet at set intervals for lecture and discussions on subjects of mo or religious interest and occasion -ly to consider questions of publi interest.

Though these activities are somewhat heterogenous, they are to a large extent supported by public grants in one shape or another of the aggregate value of about Rs.2500 a year. The time has now arrived when the whole institution and its subsidiaries should be placed on a proper business basis. With this object in view the Muzrai Superintendent has been directed to submit a scheme of management in consultation with the Honorary President, Bangalore City Municipality, Inspector General of Education and Deputy Commissioner, Bangalore.

Government Order No.707-12/Muz. 153-16-2 dated 14th September 1916.

5 The late Mr. Gopalacharlu has himself submitted two differing proposals for the constitution of the Committee, once during his illness last year and the other some time ago and has mentioned certain general conditions under which the institutions should be worked. I have also had some personal discussions with him on the subject but nothing definite by way of a scheme could be evolved as he was too keen on the point working all the activities together under a single agency.

6 Personally it appears to me that this would be difficult and that the best solution is to separate the temple from the orphanage, the former being worked under the Muzrai Rules and Regulations

with a Board of Dharmadarsis while the latter should have a strong Committee at its head and a set of rules to guide it. its management. The work of both these institutions may be interlinked by having on the two bodies the same set of men to a specified extent. As regards the Free Reading Room and Library, it may go with the orphanage or worked as a separate institution under the Education Department or Economic Conference. The Ladies' Section will have obviously to be separated from the temple or orphanage and handed over to the management of the ladies themselves.

7 Final proposals will be submitted by me soon after the Dasarah. In meanwhile the institution may continue to be run on the existing basis by Mrs. Gopalacharlu, assisted by her brother Mr. Seshacharlu. In this connection I may state that a decent place ~~will~~ can be provided to the former as Superintendent of the orphanage and Manager of the temple ~~for her life time~~ as a mark of appreciation of the work of Mr. Gopalacharlu. I do not know much about the antecedents or qualification of Mr. Seshacharlu. from the little I have heard about him he does not appear to be a fit person to be placed in sole charge of the institution with or without the co-adjutorship of his sister.

The arrangement here recommended may be approved if the Hon'ble Member has no objection. The matter may be settled within 3 months.

22-9-16.

Submitted G Sivan Lie.

Directs that Srinivasa mandiram and allied institutions may continue to be run on the present basis by Mrs. A. Gopalacharlu and G. Seshacharlu, pending final orders of G. in the matter.

Sir,

Grant-in-Aid.

In acknowledging with thanks the receipt of your office memorandum No.5248 Municipal 33-16-19 dated the 10th February 1917, I beg to inform you that on much correspondence (with satisfactory references) with the Honourary President of the City Municipal Council, the Commissioners have agreed to pay Grant-in-Aid under terms originally made, as per copy of their resolution enclosed. We are only to abide by the conditions with which the grant of Rs.25/- sanctioned by Government which will be done in due course at the desire of the Municipality.

Management.

It may not be out of place to formally inform Government that it was the expressed and written desire of late Janopakari Mr. A. Gopalacharlu that all Mandiram work should be attended and carried on by me alone to further the interests of his Charities. To vouchsafe this statement, I would invite your kind attention to a letter addressed by him (late Mr.A.Gopalacharlu) on the 25th June 1915 and your reply thereto No.80 of 12th July 1915 recognising as his successor and particularly also to another letter of 30th June 1915 specially drafted by him and corrected in consultation with an Advocate as his final decision and got it signed by Mrs.A.

Gopalacharlu

Singamma, resigning therein her rights, if any, as Honourary Secretary in these three items of work of responsible and important character:-

I The drawing of Grants-in-Aid and rendering Accounts to Government.,

II The collecting of public contribution distributing proportionately to the different activities of the Mandiram according to the wish of donors and be responsible to Government and the general public.,

III To attend to the Mandiram Correspondence both with the Government and the Public.

Copy of his (late Mr.A.Gopalacharlu's) last letter and his widow Singamma's are herewith attached for perusal and consideration. II & III

In addition to the above desire expressed in the above referred letters, I am in possession of his other letters, showing his ambition to do his wish and carry out the Mandiram work by me -with the exception of the Ladies' Section. Copy of his last letter is also enclosed, to which I request you to kindly peruse. Therein he has expressed his view of this Section. IV

The Government have, in spite of the above references offered a fair chance to Mrs.A. Gopalacharlu for a larger share in the work. This arrangement is not practicable owing to her ignorance and consequent unyielding nature. I regret very much to report that I cannot make up my mind as a man to adjust the conduct of the responsible work and of the circumstance to the taste of a Lady -illiterate.

If Government under the above circumstance are not prepared to consider the affairs as it now deserves, with full and detailed papers, placed in possession of the Muzrai Secretary -

requested to organise a scheme for further management, I shall have no other alternative than to subject to the ways and means adopted before and now and console myself that such is the decree of God.

I sincerely hope, however, that you will view my sincerety of purpose favourably in consultation with the Muzrai Secretary and issue early orders.

In conclusion, I request you to do justice enabling me to carry out the wishes of the departed Gentleman by disallowing the lady to interfere with any of the three aforesaid important items of work resigned by her in my favour - at the direction of her husband who, while alive, has trusted his work to my care and devotion, so that I may not have - undue disturbance in the developments of the Institution to its popularity and usefulness.

Dear Sesha,

My letter to you with man. Man returned from Mandi the very day with your reply. I greatly feel sorry now that I was made unable to coincide with your views. This was only due to superficial character of our own. I now recognised the - nobility of your motive, if reconciled with my conscience. You must forget the past and do my wish. In very many cases ~~xxxxx~~ women over-rule men and it is generally happened that the best men are most hurt by them. Of late women's work has roused not sympathy but antipathy.

I am pressed by Government and here to come to an arrangement. The force of the latter has become great. I have done my best last year alone what I wish now. I am unwilling to do anything further. Think well of the good work started and - turned out with considerable zest. I always thought of you and think now too as most suitable remembering your long service in my work.

Your re-action gives me much pain and I wish to stop and forget. May I hope to see you back before my last? I am running down.

Yours affectionately,

Sir,

Mandiram Scheme.

I am daily anticipating your Scheme for the management of this Institution. My desire has become intense to get your final orders as the City Municipality is putting pressure for the payment of their Grant to the Library, & the Lady Secretary here is not hearing me.

Under the above facts and with the disturbances of a peculiar private nature coming in the way of joint responsibility, I would most respectfully urge to kindly do justice early, since you are in possession of all connected papers and requested by Government to chalk out fresh lines of management.

Honourary President decided in his letter No.3236 dated 24-4-17 to continue the payment of Library Grant under conditions originally made and the Government Memorandum No.5248 Municipal 33-16-19 dated 10th February 1917 have not even been acknowledged by the Mandiram and so with other letters.

To Sir M.Visvesvaraya, [illegible] .E.,
Dewan of Mysore, Bangalore City.

Honoured Sir,

I beg most respectfully to submit for your kind consideration the enlosed copies of letters recently addressed to the Secretaries of Government and the Hony: President, City Municipal Council, regarding the management of the Srinivasa Mandiram & Charities at Bangalore City and to request to call for my "Confidential Report" sent to the Muzurai Secretary for consideration of the Officers nominated by the Government Proceedings No.707/12 Muz of 14th September 1916.

By a kind perusal of the aforesaid papers your honour may find contradictions to most of the answers furnished by late Mr.Gopalacharlu to your pertinent questions put to him regarding the future management of the Institution. These questions were put by your noble-self when you were pleased to honor the Institution with your visit in company with His Highness the Yuvaraja Bahadur of Mysore, prior to the opening of the New Orphanage buildings. I would request you to kindly grant an interview to T.Venkoba Rao, Clerk and B.N.Venkataramiah, B.A., Assistant in the Geological Department, who are real workers and sympathisers of this Institution and who were present while you were putting the late Manager the series of questions for his answering. Besides these are in touch with the Institution since its organization.

Late Mr.Gopalacharlu's attitude was temporarily changed towards me then on giving my independent expressions about the usefulness of the Ladies Association tackled, on for nothing at all, to the inconvenience of the

reading visitors of the Library. I would once again invite a kind perusal to what I have said under headings -- "Library" and "Ladies' Section" in my "Confidential Report" cited above, and about the gift of the house as his own property

Seeing that I have spent the best part of my life in the interests of the Chatities, I shall be fully favored by your doing me justice and giving encouragement for my further service and devotion, for which act of kindness I shal ever feel grateful.

I beg to remain,

Honoured Sir,

Your most obedient servant,

Copy of letter dated 5th May'17 from G.Seshacharlu to the Secretary to Govt:of Mysore, Genl: & Rev:Depts.,Bangalore.

Sir,

Grant-in-aid.

In acknowledging with thanks the receipt of your Office Memorandum No.5248 Mul:33-16-19 of 10th Feb'17, I beg to inform you that on much correspondence (with satisfactory references) with the Hon'y:President of the City Municpal Council, the Commissioners have agreed to pay grant-in-aid under terms originally made, as per copyof their Resolution enclosed. We are only to abide by the conditions with which the grant of Rs.25/- sanctioned by Government, which will be done in due course at the desire of the Municipality.

Management.

It may not be out of place to inform Government that it was the expressed and written desire of late Manager that all Mandiram work should be attended to and carried on by mr alone to further the interests of his charities after him. To vouchsafe this statement, I would invite your kind attention to a letter addressed by him on the 25th June 1915 and particularly to another letter of 30th/2nd:July specially drafted by him and corrected in concultation ~~of~~ with an advocate friend of his as his final decision and got it signed by Mrs.Singamma, resigning therein her rights, if any, in these 3 items of work of responsible and important character.---

1. The drawing of grants-in-aid and to render accounts.

2. The collecting of public contributions and distribution proportionately to the different activities according to the wish of donors and be responsible to Govt:and the Public, and

3. To attend to the Mandiram correspondence both with the Govt and the public.

Copies of late Mr.Gopalacharlu's last letter and Mrs.Singamma's are herewith attached for perusal and consideration.

Yo

In addition to the above desire expressed in the letters I am in possession of other letters showing his addition to do his wish and carry out the Mandiram work by me with the exception of the Ladies Section. Copy of his private letter to me is also herein enclosed, wherein he has expressed his view of this Section after a ripened experience of same for nearly 10 years.

The Government have, in spite of the above references, offered a fair chance to Mrs.Gopalacharlu for a larger share in the work. This arrangement is not practicable owing to her ignorance and consequente unyielding nature. I regret very much to report that I cannot make up my mind, as a man, to adjust the conduct of the responsible work and of the circumstances to the taste of a lady--illeterate.

If Government under the above ciscumstances are not prepared to consider the affairs as it now deserves, with full and detailed papers placed in possession of the Muzuroi Secretary who is requested to/ organise a Scheme for further management, I shall have no other alternative than to subject to the ways and means adopted before and now, and console myself that such is the decree of God.

I sincerely hope, however, that you will view my sincerity of purpose favourably in consultation with the Muzuroi Secretary and issue early orders.

In conclusion, I request you to do justice enabling me to carry out the wishes of the departed gentleman by disallowing the lady to interfere with any of the 3 aforesaid important items of work resigned by her in my favour at the direction of her husband, who, while alive, has trusted his work to my care and devotion, so that I may not have any undue disturbance in the development of the Institution to its popularity and usefulness.

I beg to remain,
Sir,
Your most obedient servant,

Sd. G.Seshacharlu.

Sir,--With respect to the Government Proceedings No.635-8 of 5th Septr'14 calling upon me to appoint a Committe for the manag-ment of the Srinivasa Mandiram and Charities including the oriental and Mixed Library and the Orphanage, I have the honour to state that the Institution will be under my own management during my life-time and after my demise the said Institution will be managed and conducted on the lines now in force by my wife--- Singamma who will be the Hony:Secretary during her life time and by Mr.G.Seshacharlu, Librarian and Asst:Hony:Secretary and Mr.T.Venkoba Row, Hony:Joint Asstt:Secretary and by a Committee of genetlemen named below:--

These members of Committe will have power to appoint any additional Committee members when they find it necessary and to fill in a vacancy that may occur therein. They will further frame rules for the conduct of business when a necessity arises.

I

I have further appointed the following two gentlemen to be visitors and advisers of the Institution:---

1--C.B.Seshagiri Row, Esq.. Retired Sub-Judge and S.Narain Rao, Ex:Govt:Advocate, who will from time to time inspect the Institution and make their suggestion in a book kept for the purpose.

I hope the abovenamed arrangements will be found satisfactory to Government and that the Government will be pleased to sanction and recognize the said arrangement.

I beg to remain,etc.,
Sd.A.Gopalacharlu.

Note.---On forwarding the above letters late Mr.Gopalacharlu considred for full 5 days and directed his wife to write the undermentioned letter to Government wherein one may find that she has nothing with regard to accounts, collections, and correspondence.

Enc.IV. Copy of letter dated 30th June/2nd:July'15 from A.Singamma to the Secretary to the Government of Mysore, Genel: and Rev:Departments, Bangalore.

Sir,--My husband Mr.A.Gopalacharlu, Founder of the Srinivasa Mandiram and Charities, Bangalore, has addressed a letter to Government on the 25th Instant proposing a Committee for the Management of the Institution and requested sanction.

Mr.A.Gopalacharlu has been laid up with fever and bronchitis of severest nature and is now gradually improving.

Further he has addressed on the 25th Instant to Heads of Departments with which this Institution has a connection requesting to recognize Mr.G.Seshacharlu's signature to his correspond-ence and allow him to draw grants-in-aid and receive any public contributions for the exclusive benefit of the Institution.

Under the above circumstances, I would most respectfully approach Government for the immediate recognition of his (my husband's) arrangement proposed in his letter of the 25th Ultimo.

I beg,etc: Sd) A.Singamma,

Note.---Government replied acknowledging the abovementioned two letters in their letter No.89 of 12th July 1915--which please peruse.

Private letter of Mr.A.Gopalacharlu to G.Seshacharlu, which forms the last one from him. In this he has expressed his wish and the opinion he formed about the Ladies Section's work.

Dear Sesha, My letter to you with man. Man returned from Nandi the very day with your reply. I greatly feel sorry no that I was made unable to coincide with your views. This was only due to the superficial character of our own. I now recognize the nobility of your motive, if reconciled with my conscience. You must forget the past and do my wish. In very many cases women over-rule men and it is generally happened that the best men are most hurt by them. Of late women's work has roused not sympathy but antipathy."

I am pressed by Government and here to come to an arrangement. The force of the latter has become great. I have done by best last year alone what I wish now. I am unwilling to do anything further. Think well of the good work started and turned out with considerable zest. I always thought of you and think now too as most suitable remembering your long service in my work.

Your re-action gives me much pain and I wish youto stop and forget. May I hope to see you before my last? I am running down. Yours affectionately (Sd.) A.G.Charlu.

Enc.VI.

Dear Sesha,---Though in my last stages, expecting the eventful day at every turn, still I am not keeping back from my work, The separation of you people in my present age and condition, is a death-like cut. I cannot forget this. Can't it be possible to prolong me by your presence and that of the beloved ones? Sd A.G.Charlu.

Enc.VII. Copy of letter dated 5/8th May'17 from G.Seshacharlu to the Muzumdi Secretary regarding the Mandiram Scheme.

Sir,---I am daily anticipating your Scheme for the management of this Institution. My desire has become intense to get your final orders, as the City Municipality is putting pressure for the payment of their grant to the Library.

Under the above facts and with the disturbances of peculiar private nature coming in the way of joint responsibility, I would most respectfully urge to kindly do justice early, since you are in possession of all connected papers and requested by Government to chalk out fresh lines of management.

Hony:President decided in his letter No.3236 dated 24-4-17 to continue the payment of the Library grant under conditions originally made when sanctioning the said grant and the Government Memorandum No.5248/Mul:33-16-19 dated 10th February 1917 have not even been acknowledged by the Mandira and so with other letters.

I have addressed this day to the Secretary to the Government of Mysore, General and Revenue Departments regarding the Mandiram management, as per ~~Xerox~~ Copy enclosed, and feel assured in your doing justice.

I beg to remain,etc.,

Copy of letter of 5th/8th May 1917 addressed to the Hony:President, City Municipal Council, Bangalore, by G.S.Charlu Subject being Grant-in-aid to the Library.

Sir,--With reference to the correspondence ending with your letter No.3236--Encl of 21st:April 1917, I beg to inform you that I am agreeable to abide by the terms orginally made. Mrs.Gopalacharlu has nothing to deal with either the grants, accounts & public contributions, or Mandiram correspondence, as per enclosed copies of letters addressed by the late Manager to Government and one signed by herself at his direction. She is concerned more with the nternal management of the Institution and has been in Charge of the Ladies' Section.

I have this day sent in my representation to Government. In the meanwhile, may I expect you to bestow your consideration and decide. I fear that there is every danger attending on any concern having two persons to manage.

I shall therefore feel much grateful if you will permit me to submit my bill for 8 months for Rs.200/- The two cheques you were pleased to forward will be returned. You may kindly send this representation to Government with your opinion offering facilities to the Library.

I am also communicating with the Government this day to brin bring their fresh Scheme and to sanction the Committee proposed in which there are two Municipal Councillors.

Secretary to Government of His Highness
the Maharaja of Mysore, Cubbon Park,
BANGALORE (City).

Sir,

18

I have the honour to bring to your notice the following facts in connection with the SRINIVASA MANDIRAM & MUGHOI DEAF & DUMB SCHOOL and to solicit your kind and favourable consideration of the same for its future management.

I would most respectfully invite your kind and particular attention to my letter of 5th April 1917 with its enclosures on the above subject, also my representations to the Dewan Saheb and beg to inform you further that such of the Heads of the Departments as have some departmental connections with the Institution are countersigning the bills signed by the Lady-Manager alone, in spite of my requesting them to defer payments. The lady has no independent power to draw bills or pass by right of precedence or seniority or by document authorising her to do so.

2. Whereas late Mr. Copalaswamy nominated me to his place for all intents and purposes and wished to see me practically carry on all his work. He nominated his wife as Honorary Secretary only to take effect after his demise, but I was made as his Assistant Manager while he was alive alone, besides such nomination of me being very widely circulated in Kannada papers and published in all Indian Directories. When he was living no responsible work of any kind was vested in her as he knew pretty well that she is incompetent--firstly being a lady and secondly her inability well-known to him to manage and cope with the onerous work without my joint work. He considered well--well for 18 months and then sent in his final proposal to Government,

~~Government~~ on the 25th June 1915 in reply to Govt.Proceedings No.635-8/ Muz:356-13-4 dated 15th Sept'14 whereby he has joined me for the management of his Charities with equal responsibility of his lady. After 4 or 5 days' deliberate consideration he drafted another letter to Government having reference to the above letter got it corrected by one of his Advocate friends and personally, directed his wife to sign that letter resigning her control and right, "if any", to handle Mandiram correspondence, premises and public contributions and the maintenance of accounts in my favour. This letter was forwarded to Government with his covering letter on the 30th June 1915 requesting them to accept it as supplementary to his proposal referred to above. Besides this he sent out circular letters, under his signature, to all Departments to recognise my signature on these 3 books, 1--Correspondence, 2--Accounts and 3--Collections and obtained my specimen signatures to such letters. This was done according to his intentions by himself in the presence of his wife, friends and relatives and the Mandiram Staff, in consideration of my long service with him rendered at the sacrifice of my worldly prospects. In reply to all these letters you were good enough to inform the late gentleman by No.88 dated 16th July 1915 agreeing to recognise his wife and myself and that his nomination of the Committee was engaging the attention of Government.

3. By these two letters and also of private one to me enclosing the above-referred drafts signed by his wife and by the Government Order No.88, it is clear that his Charities should be managed by myself and his wife with the assistance of the members proposed with the exception of her control on Mandiram correspondence, accounts and collections. These 3 works, as I have plainly shown were vested in me. I beg to state that any Scheme set on to up-set the late gentleman's arrangement by the sanction of the above letters in circulation

to gather opinions required from the other 3 Officers by the Proceedings No.707-12/Muz 153-16-2 me kindly and justly be viewed as detour by the public and drift into unnecessary difficulties. While Mr.Gopalachariu was alive alone, he decided once for all that I should carry on his work having his wife also as one of its Managers and any Orders effected, per proposed Scheme, disentitling and dishonouring one of electing the other would not only be interpreted as a slaughter on the dead gentleman's long cherished ambitions and undignify him by putting an illiterate lady in his stead,but would also lead to unnecessary litigations. I beg to enclose copies of above mentioned letters to serve you as ready reference.

4. In accordance with these written records and the expressed wishes of late Mr.Gopalachariu, not only the Govt: of H.H.the Maharaja recognised me by their subsequent proceedings but also by one of the Landlord Advisors announced the public by a printed circular got up under our signatures (mine and Mrs.M.Gopalachariu's) soon after the demise of the genetleman to the effect that we became Managers of the institution. Since the publication of this circular both (re signing the grants-in-aid bills and getting payments as before with the exception of Municipal grant. Municipal Council, however, condescended to pay the Sundaram Library on an agreement signed by us, as per original terms of their meeting and Government Orders thereon (1888-89) and have even favoured cheques for Rs.75/- and 50/- in anticipation of its execution by us. These cheques have not been utilized, but were allowed to lapse owing to the lady's unwillingness to do so.

Contributions of His Highness the Maharaja and His Highness the Yuvaraja Bahadurs have regularly been paid to the Mandiram in my name alone recognising me as its manager and so with other payments by local & mofussal Sympathisers.

7. While the proposed Scheme is in circulation among the other 3 Officials, I am given to understand that every prominence is given to the lady-Manager and that I am put down therein as a mere cypher. What I fear most is that those Officers who are required to give their free opinions as per wish of the starter of that Scheme on the future management of the Mandiram may not feel quite independent to form them by simply following the terms and nominations once for all proposed therein by an Officer with a superficial acquaintance gathered perhaps from either personal and incorrect representations or culled out of files in his Office. Such a procedure could be uncongenial to the proper management of the Mandiram and to those long-standing silent workers who are still interested as hitherto in the welfare of the Institution. I would therefore request you to consider this aspect of the question seriously and order to place all papers before the Opinionators, together with all my letters and the detailed "Confidential Report" on the subject and particularly the last letter addressed by the late Mr.Gopalacharlu and that signed by Mrs.A.Gopalachariar under his own direction in the presence of all who were then present.

8. May I beg permission to say that by all possible means let the females be elevated and their enterprise, however small, encouraged by all to ten-fold than what is now in vogue, but in their doing so is it fair and reasonable to completely ignore and dishonor the claims of a man who worked strenuously for over

Dewan of Mysore, Bangalore.

Honoured Sir,

SRINIVASA MANDIRAM, ITS FINANCIAL CRY
AND MANAGEMENT.

In continuation of my representation dated 9th June'17, I beg to inform, with all due respects and reverence, your honour that the luzuroi Officer to whom the same was forwarded, proposed once for all his Scheme for the future management of the Institution discontinuing me and elevating the lady quite against the written and expressed wishes of the dead and also, I hear , opinions have been secured by him from the Deputy Commissioner, Hony:President of the Bellore City Municipal Council and the Inspector-General of Education, to carry out the said Scheme. Though some of these Officers are connected with this Institution from years,yet they are not so much in touch with its internal affairs as to record their opinions without affecting the interest and devotion of sincere workers from long years.

Hearing that final orders would be passed, I have addressed the Secretary to Govt:in the General Dept: to-day a letter, as per copy enclosed, to afford me an opportunity to sufficiently explain myself [illegible] and lastly to uphold justice--which is the backbone of your honours rule, I would therefore with profound respects and reverence request you to kindly peruse [illegible] papers including my "COMMUNICATION" and issue [illegible] commands early for the well-being of an Institution [illegible] is being kept up from years on [illegible] dragging [illegible]

I beg leave to remain,

D.M.Narasinga Row, Esq., B.A., B.L.,
Secretary to Government of His Highness
the Maharaja of Mysore, General Depts.,
CALCUTTA. CITY.

Sir,

SRINIVASA ANDHRA & VAIDIKA ... FOR ITS FUTURE MANAGEMENT.

I would most respectfully invite your kind and particular attention to my letter of 5th May'17 with its enclosures on the above subject, also my representations to the Dewan Saheb and beg to inform you further that such of the Heads of the Departments as have some departmental connections with the Institution ~~with the institution~~ are Countersigning the bills signed by the Lady-Manager alone, in spite of my requesting them to defer payments. The lady has no independent power to draw bills either by a right of precedence--amool--or by documents authorising her to do so.

2. Whereas late Mr.Gopalacharlu nominated me to his place for all intents and purposes and wished to see me practically carry on all his work. He nominated his wife as honorary secretary only to take effect after his decease, but I was made as his Assistant Manager while he was alive. Some besides such nomination of me being very widely circulated in many papers and published in all Indian directories. Neither she was ever in any responsible work of any kind was visited in her as he knew well that she is incompetent--firstly being a lady and secondly her inability well-known to him to manage and cope with the onerous work without my joint work. He continued well--till for 18 months and then sent in his final proposal to Government,

~~Government~~ on the 25th June 1915 in reply to Govt:Proceedings No.635-8/ Luz:356-13-4 dated 15th September 1914 wherein he has joined me for the management of his charities with equal responsibility of his lady. After 4 or 5 days' deliberate consideration he drafted another letter to Government having reference to the above letter got it corrected by one of his Advocate friends and personally directed his wife to sign that letter resigning her control and right, "if any", to handle Mandiram correspondence, grants-in-aid and public contributions and the maintenance of accounts in my favour. This letter was forwarded to Government with his covering letter on the 30th June 1915 requesting ~~it~~ them to accept it as supplementary to his proposal referred to above. Besides this, he sent out circular letters, under his signature, to all Departments to recognise my signature on these 3 works, 1--Correspondence, 2--Accounts and 3--Collections and obtained my specimen signatures to such letters. This was done according to his intentions by himself in the presence of his wife, friends and relatives and the Mandiram staff, in consideration of my long service with him rendered at the sacrifice of my worldly prospects. In reply to all these letters you were good enough to inform the late gentleman by No.88 dated 16th July 1915 agreeing to recognise his wife and myself and that his nomination of the Committee was engaging the attention of Government.

3. By these two letters and also of prayer contained in me enclosing the above-referred draft Scheme by which as directed by the Government Order No.88, it is proposed that the Mandiram should be managed by myself and my wife with the assistance of the members proposed with the exception of the control of Mandiram correspondence, accounts and collections. These 3 works, as I have plainly shown before, I desire to state that any Scheme set on to up-set the late gentleman's arrangement by the sanction of the draft proposed for consideration

to gather opinions required from the other 3 Officers by the Proceedings No.707-12/Muz 153-16-2 may kindly and justly be viewed as detour by the public and drift into unnecessary difficulties. While Mr.Gopalacharlu was alive alone, he decided once for all that I should carry on his work having his wife also as one of its Managers and any Orders effected, as per proposed Scheme, disentitling and dishonoring one and elevating the other would not only be interpretted as a slaughter on the dead gentleman's long cherished ambitions and undignify him by putting an illiterate lady in his stead,but would also lead to unnecessary litigations. I beg to enclose copies of above mentioned letters to serve you as ready reference.

4. In accordance with these written records and the expressed wishes of late Mr.Gopalacharlu, not only the Govt: of H.H.the Maharaja recognised me by their subsequent proceedings but also by one of the Mandiram Advisors announced the public by a printed circular got up under our signatures (mine and Mrs.A.Gopalacharlu's) soon after the demise of the genetleman to the effect that we became Managers of the Institution. Since the publication of this circular both were signing the grants-in-aid bills and getting payments as before with the exception of Municipal grant. Municipal Council, however, condescended to pay the Mandiram Library on an agreement signed by us, as per original terms of their Meeting and Government Orders thereon (1888-89) and have even favoured cheques for Rs.75/- and 50/-in anticipation of its execution by us. These cheques have not been utilized, but were allowed to lapse owing to the lady's unwillingness to do so.

5. Even while late Mr.Gopalacharlu was seriously laid up and sinking with wonderful conscience his wife was not given power to draw the grants of his Mandiram,but that was vested in me both by letters addressed by do Government, heads of Depts:and the public and also gave expressions to all that surrounded him then. If at all wished by him to see that his wife should be

be in entire charge of the Institution, as the proposed Scheme in circulation, as I hear,reposes, there would have been no necessity for him to make mention of my name on all Mandiram papers and give it an extensive publication in all Indian Directories as his Assistant Manager. So far as I am able to discern from the practice followed when he was living side by side with the records before me on the subject--future management--the lady has to be recognized as one of the Managers having nothing to do with the aforesaid 3 works, which right of handling has come to me. Recent Government proceedings over that her Hony:Secretary-ship by this phrase "Assisted by her brother Mr.Seshachariu" and I awaited the decision of Govt: finally.

6. In pursuance of the printed circular referred to above and to respect it, I agreed to pay all collections to the lady as she wished to have and obtained her signatures on all bills below my name just to hold her too partially responsible for right expenditure and for proper postings in the account books. This procedure was adopted for 10 months until I hesitated to affix my signatures to them before checking the books and knowing certain how they are maintained. This I wanted to know, for the official year was at its end (1916--17). My chief aim was to know how the income was credited and expediture debited to books and in what way deficits were explained therein. With this main object in view I asked the lady for the account books,but I was refused alleging that I was not responsible as they were all inspected and approved by the Sumroy Secretary himself. I then requested all heads of departments,as have to pay,to defer their payments on Mandiram bills or to the Orders of Government or follow Mamool. However, the Sumroi and the Education Depts: are paying bills signed by the lady alone. This makes me feel that my trials to bring the accounts of the Institution to order and to befit them for public scrutiny have been discarded by the Officers and I beg to request the Government to offer justice.

The Palace Controller being an Officer personally known to late Mr.Gopalacharlu and my connection with his Institution well, has been continuing usual remittance to my name and the Taluk Amildar has not paid the usual Tasteek to the Temple for the last two months for want of my signature on the bills. Contributions of His Highness the Maharaja and His Highness the Yuvaraja Bahadurs have regularly been paid to the Mandiram in my name alone recognising me as its Manager and so with other payments by local & mofussal Sympathisers

7. While the proposed Scheme is in circulation among the other 3 Officers, I am given to understand that over prominence is given to the lady-Manager and that I am put down therein as a mere cypher. What I fear most is that those Officers who are required to give their free opinions as per wish of the starter of that Scheme on the future management of the Mandiram, may not feel quite independent to form them by simply following the terms and nominations, once for all proposed therein, by an Officer with a superficial acquaintance gathered perhaps from either personal and incorrect representations or culled out of files in his Office. 8. May I beg permission to say that by all possible means let the females be elevated and their enterprise, however small, encouraged by all to ten-fold than what is now in vogue, but in their doing so, is it fair and reasonable to completely ignore and dishonor the claims of a man who worked strenuously for over

over 30 years from begging door to door to the furtherance of the public cause to the present stage by surmounting untold difficulties and privations known to himself and to the late gentleman? Please refer his last letter addressed to me while I was at Nandi--copy of which was submitted already to Govt: wherein he has given his very heart to me. In addition, I beg to submit that I never assisted the late Manager these long years on advertisement basis and this weakness on my part should never be served to become a tool to Officers to put me down--much less than a female apt to be changed by ill-advisers. It is just to avoid such unforeseens, late Mr.Gopalacharlu headed me on to the management of the institution much to the detriment to my propects and gave me his full intention on a night a day before his death.

In conclusion, I would most respectfully request you also to grant me a personal interview before passing your final Orders on the Scheme submitted or is about to be submitted to you with a view to up-hold justice ~~to~~ satisfying the aspirations of the dead gentleman, to avoid my becoming a victim of circumstances already explained and lastly, ~~the~~ the expected laughter by the public known to me from my infancy as fully and lawfully connected with the Srinivasa --- Nandiram and its Charities since its restoration.(/)

With due respects and belief to hear from you a line in reply,

I beg leave to remain,

Sir,

Your most obedient servant,

22 NOVEMBER 1917.

Respected Sir,

I beg to be excused for the delay in submitting the Report of the Mandiram for your kind perusal and information for some unavoidable causes.

2. I in the next place beg to express the great loss the Ladies' Section of the Srinivasa Mandiram has sustained in the departure from this life of their President and Patron, Mrs. T. Ananda Rao—Sundaraboyamma.

3. For the purpose of affording suitable accommodation for children and for holding meetings, lectures and Reading Room for the Ladies connected with the Ladies Section of the Mandiram, Pradhana Siromani Mr. T. Ananda Rao, C.I.E., has generously promised a donation of Rs. 5,000. A plan and an estimate of the necessary building have been prepared and the cost of them comes up roughly to Rs. 17,000. Sir M. Visveswaraya, K. C. I. E., our present Dewan has pronounced this a laudable and necessary undertaking and has come to our help. The Government of His Highness the Maharaja of Mysore may, I believe, come to our help if further support from the public be forthcoming. I therefore appeal to the generosity of our countrymen and women to contribute their mite to carry out the above object

I remain,
Yours most obediently,

Introduction.

This Institution has three branches or parts, viz, (1) The Temple, (2) The Oriental and mixed Library and Free Reading Room with the Ladies' Section and (3) The Orphanage. It is the intention of the founder that these parts should be connected with each other, so that people may derive benefit in respect both of Sacred and Secular matters.

Management.

The founder of the Institution Janopakari Mr. A. Gopalacharlu who was its Manager during the last 34 years departed from this life on the 20th August 1916. Shortly before this event, he had petitioned the Government of Mysore praying that the Institution should be managed after his demise on the lines on which he had been conducting it and that a committee should be appointed As instructed by Government, I have been managing the Institution from the 20th August 1916. Some kind-hearted gentlemen have helped me in conducting the affairs of the Institution by their timely advice for which act of kindness I am highly indebted to them. In some respects I have also derived help from my brother Mr. G. Seshacharlu. I have drawn up this report in Canarese as my acquaintance of English is very little. This is an English version of the same.

ದೇವಸ್ಥಾನ.

ದೇವಸ್ಥಾನದಲ್ಲಿ ಕಾಲಕಾಲಕ್ಕೆ ನಡೆಯಬೇಕಾದ ಪೂಜೆಗಳು ಮತ್ತು ಭಕ್ತರ ಕೋರಿಕೆಗಳಂತೆ ಆಗಿಂದಾಗ್ಗೆ ನಡೆಯಬೇಕಾದ ಕೈಂಕರ್ಯಗಳು ಕ್ರಮವಾಗಿ ನಡೆದು ಇರುತ್ತವೆ. ಇದಕ್ಕೆ ಜಂಟಿಸಿರುವ "A" ಗುರ್ತಿನ ಪಟ್ಟಿಯಲ್ಲಿ ದೇವಸ್ಥಾನದ ವರಮಾನಗಳೂ ಮತ್ತು ವ್ಯಯ ಸಹ ವಿವರಿಸಿರುತ್ತೇನೆ. ನಮ್ಮ ಶ್ರೀಮನ್ ಮಹಾರಾಜರವರ ವರ್ಷ ವರ್ಧಂತಿ ದಿನ ದೇವಸ್ಥಾನದಲ್ಲಿ ನಡೆಸಿದ ಪೂಜೆಗಳು ಮತ್ತು ಸ್ತ್ರೀ ಶಾಖೆಯವರ ಉದಾರ ಪೋಷಣೆಯಿಂದ ಬಡಜನಗಳಿಗೆ ಮಾಡಿದ ಸಂತರ್ಪಣೆ ಮುಂತಾದುವುಗಳ ಆದಾಯವೆಚ್ಚಗಳೂ ಸಹ ಲೆಕ್ಕದಲ್ಲಿ ತೋರಿಸಿರುತ್ತೇನೆ.

ಈ ಕೆಳಗೆ ಕಂಡ ಅಧಿಕಪಡಿ ಸೇವಾದಿಗಳು ಭಕ್ತರಿಂದ ಸಂಗವಾಗಿ ಜರುಗಿಸಲ್ಪಟ್ಟಿತು:—

೧. ಧನುರ್ಮಾಸ.

೨. ಶ್ರೀರಾಮಾನುಜಾಚಾರ್ಯರವರ ವಾರ್ಷಿಕೋತ್ಸವ.

೩. ಶ್ರೀಮನ್ ಮಹಾರಾಜರವರ ವರ್ಷ ವರ್ಧಂತಿ.

೪. ಶ್ರೀಮದ್ಯುವರಾಜರವರ ವರ್ಷ ವರ್ಧಂತಿ.

೫. ಬ್ರಿಟಿಷ್ ಚಕ್ರಾಧಿಪತ್ಯವನ್ನು ವಹಿಸಿದ ದಿನ.

ವಿಶೇಷ ಸೇವಾದಿಗಳನ್ನು ನಡೆಸಿದ ಭಕ್ತಾದಿಗಳ ಹೆಸರುಗಳನ್ನು ಈ ಕೆಳಗೆ ನಮೂದಿಸಲು ನಾನು ಬಹಳ ಸಂತೋಷವುಳ್ಳವಳಾಗಿರುತ್ತೇನೆ:—

The Reading Room gets 24 English and 14 Kannada newspapers and magazines. The cost of these amounts to Rs. 340-1-0 annually. The cost of Kannada newspapers was met from the help received from the Ladies' Section. The establishment charges and part only of the amount due to the English news-papers have been paid. There is now due for the several newspapers a sum of Rs. 141-0-0. This debt remains undischarged for the reason that the Bangalore City Municipality suddenly stopped, immediately after the demise of late Mr. Janopakari A. Gopalacharlu, the monthly grant of Rs 25 which they were paying from 1891. As the Government have in their Proceedings dated 25th July 1917 ordered that the grant should be continued, these debts will be discharged if the Municipality kindly pays the arrears of the grant amount and care will be taken to regulate the expenditure and incur no debts in future. The Receipts and Expenditure for the year are mentioned in the appended Schedule "B" and the newspapers and magazines the Library is getting are described in the list marked B (1).

It is gratifying to mention that H. K. Gopalaiya, an Orphan brought up and educated in this Institution joined the Arts School at Madras on his obtaining the Mysore Government Scholarship, has passed the examination during the year.

ಇದುವರಗೆ ಈ ಅನಾಥಾಲಯದಲ್ಲಿ ತಯಾರಾಗಿ ಜೀವನೋಪಾಯವನ್ನು ಹೊಂದಿದವರ ಸಂಖ್ಯೆಯು ೧೨೫ ಆಗಿರುತ್ತೆ.

The number of Orphans of this institution who have been enabled to earn a living up to date, has come up to 125.

Seeing that there was no sufficient accommodation in the Orphanage for kitchen, store room, dining, bath room and latrine, etc, the late Mr. A Gopala Charlu made a gift to the Orphanage of the only immovable property possessed by him viz. a house worth Rs 4,000 and deposited the registered Deed of Gift with Muzrai Department of the Government of Mysore. According to the last wishes of Mr. Gopalacharlu, his moveable property worth Rs 400 has been made over to the Mandiram.

Sir,

With reference to yr letter no 1187-89 dated 30th may 1917 forwarding a draft scheme for the management of the Seringapatam and Charities, Bangalore and requesting my opinion and suggestions thereon I have the honour to state that I have not much add to the scheme As it stands, it is good and touches upon all that necessary for the [illegible]

Received 15/8/17

nd as auxiliary Institutions. I may venture add one or two points as to the practical working and management of the Institution.

The Rules drafted provide for a managing committee of seven members, four of whom are non-official members. Out of these four, two are to be nominated by the Honorary President of Bangalore city municipality. The interest of the municipality goes only so far as the library and Reading room of the institution towards which they Contribute Rs. 300/- which forms about $\frac{1}{10}$th of the whole collections. Under these circumstances, it appears too much to allow body to appropriate to itself the right of nominating two out of four of the non members. If it is not possible to provide to municipal representative a place among the official members, I think it will be enough if only one of the non-official members is allowed to be nominated by the Honorary President of the municipality, and the rest to be nominated as proposed only so long as Gopalachariu Continues to be the resident managers of the Institution.

The history of the institution

as well as experience gained from other similar institutions, it may be admitted that the efficiency and progress of an institution under similar conditions have always been possible only when the controlling and directing authority is vested in a single individual. This individual may be named the Dharmakarta of the temple as distinguished from the Dharmadarsis referred to in Rule 16 of the Draft Scheme. The directions of the Committee should always be caused to be enforced through the person of the Dharmakarta. This directing and controlling authority should, therefore, necessarily be one of the members of the Committee, and should belong to a denomination consistent with the spirit of the Institution. In the present case, as the resident manager who stays for

be a lady, she may be treated as an ex-officio members of the Committee.

The object of the Library and the Reading room attached to a Religious Institution like the present one is evidently the dissemination of religious knowledge and moral culture. In the organization of the ancient temples this was attempted to be achieved by including classes for religious discourses and arrangement for feeding the Students, in their scheme of work. The former is commonly observed in most of the temples in busy places by the popular way of attaching a Pathasala to the Temple. In the Institution before us where the former part of the above work is assignable to the Library and the Reading room, and the latter to the Orphanage, a Pathasala may advantageously be attached to the Library and the Reading Room Department as

a nominal monthly allowance He has also be reckoned as one of the Vaidic or Adhyapakas attached to the temple and certain honors allowed him in connection with the ceremonies of the temple. He is sure to serve as a means of popularising the temple and increasing its usefulness by attracting a large number of people to it. The people, as is usual, will contribute for his maintenance.

The orphanage which is also an adjunct of the institution may be utilised, though in a different way, to serve the above purposes. Feeding and Elementary education of the orphans is not all the duty to be fulfilled with reference to them. The building of their character and the stimulation of their religious

religious Consciousness should also form an integral part of it.

To secure this end, a Competent Instructor of approved character may be appointed to the Orphanage. He should be placed in entire charge of the orphans and made to impart to them Sanskrit Education, and to watch over them and attend to the discipline and coaching. The Allowance to be paid to this person may be met out of the allotment apportioned for the upkeep of the Orphanage. The privileges suggested in the case of the Pandarik may be allowed to this functionary also.

These suggestions, if approved may be incorporated into the Scheme and the details of working left to the Committee. In conclusion, I wish to suggest that it seems necessary that provision should be made

Rules to the effect that the selection of non-official members should, as far as possible be restricted to persons pursuing the denomination and custom observed by the temple, with a view to preserve continuity with the past and to further the interests of the institution by guiding work.

The Srinivasa Mandiram and Charities,

No.1089/Enc.4. *Bangalore,* 8th Decr'16.

G.Aravamudu Iyengar, Esq., B.A., B.L.,

Secretary to Government of His Highness the

Maharaja of Mysore, Muzurai Dept., Bangalore.

Sir,

Pondering over the humble endeavours for the past several years in the faithful management of the above Institution by us, I beg to bring the following few words to your consideration in the belief that my prayer, already submitted in extenso, may kindl be met and answered in love for the weal-being of the Charities.

As per your personal commands, given to me on your inspection day, I beg to enclose herein 4 statements of accounts of which 3 showing details to each of the Mandiram activities-----

I. Mandiram--Temple, II.Library, III.Orphanage and the IV on showing the approximate difference to be met with mont by month from public contribution on the whole.

I need hardly mention here that it is very hard in these famine days to depend on public support. By the demise of late Mr.Gopalacharlu such support is slackening day by day, for want of information as to how this will be conducted, on what lines and by whom. Unless this publication is duly made known to general publi in the beginning of next year, the institution cannot hope to get on with public aid, as I have already represented. ~~that a work of a thorough overhauling returns.~~ It is on this publication alone depends the public support from in and out of this Province.

I. MANDIRAM TEMPLE.--- On a perusal of the enclosed account sheet, you will please observe the deficit to be with monthly and I request your consideration and help through your Department.

II. LIBRARY.--- Librarian's salary charged to this Branch is being utilized for meeting temple deficits. Municipal grant of Rs.25/- per mensem has been now stopped under circumstances explained in my letter No.1097 addressed to the Hony:President, City Municipal Council requesting a continuance of same under terms of the Council's Resolution VII of 1891 and Government thereon sanctioning the grant. Copy of same has been forwarded to Government

with a request to uphold the objects and cause of this Branch. I would most respectfully request you therefore to kindly support this Library connecting the ~~Library~~ with the Mandiram on reasons mentioned in the said letter.

III. ORPHANAGE.-- This Branch necessarily requires a thorough overhauling, as I have personally represented to you. Some of the old orphans who have means enough to be fed and clothed independent of the help from these Charities may be sent out with a blessing and thus diminish not only the excess number, but will enable the Orphanage to have the only bonafides as have no means of going else-where and none to care for them, if they at all possess distant relatives. Unless this is done sooner or later this branch cannot be brought to liquidate the existing debts and cannot be worked without running into new debts. The financial condition of this branch is such that we cannot afford to maintain more than 15 at present attending on them well with regard to their boarding and supplying necessary Stationery and Drawing materials. By the account sheet you will please find what deficit is to be met month by month.

IV. STATEMENT for the WHOLE CONCERN.--- To run the work in the present lines brings on it a deficit that cannot be met with by public support alone, which is always undependable and depends on the person or persons that may work for the benefit of the Charity. Under the circumstance, I would most respectfully request you to kindly recommend, as tentative measure, to sanction a monthly grant of Rs.50/- every month, which will help to encourage the man who may work and begin to repay Government by showing a satisfactory progress in all Mandiram activities. Within ~~these~~ couple of years public support may be brought to bear the deficits that I urge the Government to have for the time being.

As you have kindly honoured the Institution with your visit and inspection, I have nothing to add to this, except requesting you to support the Institution by recommending to Government.

I beg to remain,
Sir,
Your most obedient servant

By the above figures you will please find how much for the Mandiram Manager has to meet monthly by public support and co-operation, which is not forthcoming as the institution earned only unpopularity by the work exhibited during past years.

This is the truthful character of the accounts. For some years this was managed by my personal savings, as pointed out in the Printed reports of the Institution by the late Manager and I leave everything to the consideration of your good-self and the benign Government of His Highness the Maharaja.

(Sne. one)

PRIVATE.

Srinivasa Mandiram, Bangalore City, 27th Novr'16.

G.Aravamudu Iyengar, Esq., B.A., B.L.,
Secretary to Government of H.H.the Maharaja of Mysore,
Muzurao Branch, B a n g a l o r e City.

Respected Sir,

While requesting you to kindly go over the enclosed "Confidential report" of mine re:the past, present and future management of the above Institution, I beg to request to accept that there will be no good attending it by an appointment of a Committe when everything went on for years actually under a chaos and it would take a couple of years more to come to an arrangement. As it is, the Institution finds it difficult to see its ends met together without difficiencies as its finance is very discouraging. Its further developement depends entirely on one or two personal exertions . My connection with the Mandiram is not of an honourary kind and I never sought for it though I happen to be working gratuitously since its organization, as the public may bear testimony. It has almost become my life's work. The best part of my life has been devoted towards its present condition with existing flaws that were beyond my control. I wish to continue, if I am given a chance at all, to dedicate myself to its cause. There yet remains much solid work to be done and the time has just now arrived for me to give the wholesome truth unmidful of its consequences with a view to give the work a proper shape and then bring under the proposed management of a Committee. Without the support of public along with the present Govt:grants, this intitution cannot boast of a popularity by the mass, and cannot be considered that it has passed the stage of scrutiny by the public with the end of its founder.

On

On a referrence ~~made over~~ the files, you will please find that late Mr.G.Charlu more than once recommended Mr.T.Venkoba Row at present employed as Accoutant in the Geological Office here, to be one on the Committee and Mr.B.N.Venkatramiah, Assistant Geologist was not recommended on a refusal to accept such membership. These are real workers for the developement of this Institution and the supervision of construction of Orphanage and other works connected with the above charities have been supervised by the latter gentleman, whose names you do not find at all in any of the official communications. Why this has happened so may well be imagined than described. Before giving your attention to the appointment of a Committe under Government Proceedings, it is for the good of the work that you will hold an individual enquiry and to read my report attached to this.

Myself and Mrs.G.Charlu will never agree, one putting the switch for light and the other draw ~~the swith~~ down for darkness. I would therefore propose for consideration of Government through you to give me the management of the Library and the Orphanage without any responsib-ility attached to the lady. If found ~~possible~~ desirable you may appoint a a quite distinct person, any one of the two I name above to these Departments in place of myself. I would be most happy to be a devotee of Srinivasa and not seek a name by a work on advertisement. As these two departments are purely of educational character, it is highly necessary that every step should be taken to the advantage of the reading public and the education of inmates in the Orphanage. Under the circumstances, a lady however assisted by a Committe, cannot cope with the rectification and developement works ~~for~~ of both these branches as times require.

Hence, it is very noble of Government and of you and highly opportune too that you are requested to think of arranging for a further management of this Institution and I would only leave every -thing to your judgement of Officers deputed to scheme.

I have found a change in the treatment accorded to me since the issue of last Government Proceedings appointing the lady as "Hony: Secretary assisted by her brother ,etc:" and that change has not made .er understand the view with which the Municipal President demands rom us (myself and Mrs.G.Charlu) and has been pending even unacknowledged to date, when they are prepared to pay under conditions agreeble to reason. I have answered them that I would be willing to ccede to their wishes (Councillors') and leave the lady for a consultation with others, who may not understand the tenor, by not being n touch with the pros and cons, of the affair.

I pass on all my papers containing, at length, all about the Institution, quite confident that you will consider my connection with th and to place the temple and the Ladies' Association in Charge f the Lady to spend the remaining ~~time~~ with these two works and bove all seek a plan to safe-guard the interest of the work as per ~~des~~ expressed in the Condidential report specially prepared from acts vouchsafed by papers and personal evidences.

I may refer in addition to above two friends of the Mandiram lessrs.B.K.Garaduchar, C.V.Narasimhiengar, Thiruvaimuzhi Ramanujachar, .Ramachendrappa, etc: who may vouchsafe the information already ut on paper, also Vidwan Srinivasa Iyengar, Archak Venkatramanaswami - Any one of old acquaintances of late Mr. Sundaram, can also give an idea of truth as the I beg to remain, Mandiram affairs.

Respected Sir,

Your most obedient servant

C O N F I D E N T I A L R E P O R T

of

Srinivasa Mandiram and Charities, Balepet, Bangalore City.

* * * * * * * * * * * * *

Past, Present and suggestions for its futiruty made by G. Seshacharlu for consideration of Officers deputed to scheme out, with a view to a better management of the same under G.O. 707-12/Muz. 153-16-2 of 14th September, 1916.

The present shows the extent of claim he and others have in the good management of the above Institution for consideration of Government Officers side by side with any private or official papers that may be before them. It is not without any misgivings that I do this, but venture to do so with the strength of solid facts and hope that they may be viewed to the betterment of its future management.

2. So fas as I am aware late Mr. Gopalachārlu did not decide the course of management after him. He represented to Government when he was ill that his wife will succeed him and that my name should be recognised by Government for drawing grants-in-aid. He sent another letter on the 2nd July 1914 under the signature of his wife A. Singamma approving my recognition and the arrangement proposed in his letter of 25th June 1914. By this the right of drawing the grants has been relinquished. The view with which he got rid of my several appointments was to make me available at his and his works' services and as a result I am left now without any steady living and trust that I may be at least pitied under circumstances herein

3. I have a better interest in the Welfare of Mandiram and its charities since their organisation and have spared no pains and endeavours in toiling hard and energetically, nay in sacrificing my whole life's interest for its sake, without such services the present edifice upon which late Mr. Chārlu

built his name and fame would have been nowhere..

4. I beg to request Government to believe that I have an interest in the further management for its good only,- should at this juncture at least bring Same to the gracious consideration of officers like you, inasmuch as anythin that may be represented by others, to win the esteem and patr nage in the interests of themselves and the Mandiram would only be one sided and superfluous in order to prejudice my interests and devotion in any further service.

5. With so much of preface therefore, I respectfully beg permission to lay among others the following facts as they barely appear for being considered and enquired into ful in the interests of self and sister and of the institution in particular.

I. P a s t. General.

(A.) Late Mr. Gopalacharlu found it difficult to pull up with the Orphanage work, inasmuch as the inamtes thereof preferred to run away rather than to stick on to its advantages, which was due to his temper, and as a result, none save myself, remained the only inmate, as even the cook and other servants preferred to get engagements elsewhere. Under such strained circumstances, I was driven to the necessity to mar my studies and took upon myself Mandiram work and worked for work's sake commencing as an orphan. For all such service no payment was made to me. Enquiries will safe guard this state ment.

(B) From the humble task of 'Door-to-Door-Begging' for coin and kind collections throughout the City and its Extensions I have done all that was essential in procuring the pecuniary aid. Such a whole time and life's devotion

in the services of God and man, not only blocked in toto my educational prospects, but also disabled me to stick on to any one of 28 bright appointments that were secured by me in Government and Business Houses. The reason of getting on engagements was due to my unwillingness to throw the burden of my maintenance on Charities, and giving up of them was due to the arisal of an indispensable enagement for me with the development of the Mandiram Work. Almost all living near the Mandiram and those that were giving subscriptions and rice doles for charities may bear testimony to this.

(C) In fact, I have been identified myself with the work with such a vigor and earnestness that the late Manager made such apparently candid promises as to make myself suffer and continue in his work and recommend to Government and His Highness the Maharaja,&c, as to secure me a monthly honorarium for my sustenance in old age, if spared, and I neglected in consequence all my prospects out-side solely relying on a realisation of such promises. To day I have nothing to depend and safe guard the interests of my poor dependents. This affair I leave to your kind consideration and disposal. Very painful even to think of all such parts.

(D) The Mandiram records will go to show that I have been associating throughout with all its work in one way or another and enquiries will not fail to prove that the best part of my life for over 25 years has been well spent in one way, that is, towards the furtherance and advancement of the institution to its present condition. Late Mr. Charly as senior, commanded the respect due to my work of untiring nature and by others, equally good, those services have not been [illegible]. Please refer covering letter to this to find names.

6. Giving up all such facts and services to the pleasure and disposal of God, I beg to come down to the present question now under consideration of Government, and that is:-

COMMITTEE OF MANAGEMENT;

COMMITTEE OF MANAGEMENT.

It was only when differences of opinion arose re. this and to the placement of the Institution on a ~~legal~~ legal and substantial basis as per G. O. 635-8/Muz. 356-13-4 of 15th September, 1914, I had to incur his displeasure on his unwillingness to accede to intentions of Government. When forcing him to carry on the work under a Committee of Management unhesitatingly, I followed my conscience having the best interest for the institution at heart and there could possibly no two opinions as to any better management if conducted on lines, Government already wished - lines pure and simple. The reason of a stubborness of his, may strike to one's mind and brain than it could be told or written. An earnest attempt was made to send out to Government my independent viewes on this important question, bringing therein several startling facts which was kept back on his letter to me, in reply to my viewe, he was made to read. He replied me by letter after this incident to Nasik, where I was then with my daughter. Besides this this illness stopped me from such a procedure.

7. So far as I understand that a Committee of Management means a body to control the finances of a concern, to make the best use of them in all directions and in particular, to adopt such means to increase means by securing public patronage. This unfortunate Institution even at this distant date is far behind, and is lacking very much in its popularity. Such a Committee that would undoubtedly give no room to make a personal use of resources is now desirable by an appointment of a an Hony: Treasurer from among the would-be members who may be asked to credit the Institution with any balance on hand after meeting with the establishment and other charges. As for me, I have no room to gainsay any holy and practical suggestions of Government and feel glad that Government have deputed Officers to consult and scheme ~~out~~ a Management. With the facts and figures placed before you no good will, I am of opinion, attend the Committee.

8. Such other contests between myself and the late Manager brought on a disappearance of love between us personally, which made him feel irresponsible before unduly making the gift of the old house to Charities as his sole property, while not so either by a full right of enjoyment or by a sufficient documentary evidence. He followed his own crude notions and misled ~~and~~ by ill-advisers. From details you will be made aware to draw up your decision when met. And any conclusions you may arrive on this, I intend accept-ab finals.

III. Past and Present Accounts and Procedure for futirity.----------

9. Mandiram and its Charities were treated as his assets and he wanted to enjoy it and enjoyed it during his life-time at the sacrifice of others, not to say that he was ignorant of such an action being against all principles, but he forced the world to believe that he possessed of a whole-hearted devotion to the Cause and to the well-being of orphans. Leaving all such affais to your judgement, since affairs have now reached your hands, fortunately, it has become quite essential for me to mention word or two about accounts of past years and what lines are now needed to set and up-keep them. The less said about past accounts ~~or~~ or the show of accounts in printed ~~accounts~~ Reports for the past years the better. The "Deficits ~~met~~ met- from other sources", or met from mandiram funds, &c: as wroded in yearly reports are nothing but the mere savings of my poor-self and I beg you will please go into this affair when met and I assure you a proof for this fact. In fact, no accounts worth the name have for some years past been maintained. In the face of such solid truths, there is denying the fact that there was an outrage not only on the necessary comforts of inmates (orphans) but also other activities especially Library. Arrangement of a Tresurer by you will set all past and present topsi-turves to the well-being of future accounts.

IV. MANDIRAM---Temple.

10. This belongs to Muzuroi Dept: and carries a Tastik of Rupees 16/8 and a Palace Nivedana contribution of Rs.10/- per month, which is inadequate to meet with the present expenditure

Mandiram--Temple continued.----

No devotees are attached to this temple to subscribe. To induce a fearless attendance of such devotees regularly and to turn this Branch to a self-maintenance and to a better usefulness, nothing has been made till now I would propose to itroduce ( ) or ( ) and to delivery of lectures in Kanarese on subjects of religion and history on universal basis and to incorporate the Vaideeka-vidyalaya ( ) with this Branch. This Vidyalaya has been started by one Mr.Raghavachar with late Mr.A.Gopalacharlu as President, and in work for the past two or three years and which is under the notice of the Inspector-General of Education for a help. The object of this Institution is to give Sanscrit education, Adhyana ( ) tuition in Veda and Upanishads to Brahmans and ( ) and Nithyanusandhanam ( ). The opening of a Daiva-gana Sabha above proposed is to compel the legends of our elder time, infuse in the mass emotions of higher qualities and initiate or stimulate in them self-sacrifice and self-surrendering devotion. Thus this organ may, in all probability, even turn a good leaf for the much fallen down Oriental music subserving it to the religious side. If appreciation come forward, I shall spare no pains to prepare a special representation. Lectures delivered in any of the vernaculars may be published in pamphlet forms and may be made the property of Mandiram. The Sacred literature of the world abounds historical facts, illustrations I beg to finish with the temple affair by informing that it cannot be made, as it is, to go on without borrowing funds from the other activities of the Mandiram, which is in practice against the orders of God unless Orphanage food is made therein and distribute after Nivedana to orphans. This was in practice for years and no difficulty was felt and the progress of orphans were seen bright.

I am always available for any service that may lead to develop the usefulness of this Sri Betaraya Swami temple now, and above all to make people to understand that man and man may freely meet here with mutual advantage and to have their minds converted from selffishness to self-sacrifice.

V. ORPHANAGE.-----

11. This is being aided by Rs.100/- per month by the Muzurai Dept: and a poor public help, which is found undependable. Lands to the extent of 13 to 14 acres have been graciously granted with conditions to maintain accounts separately and to make use of proceeds to orphans alone. These lands were given first free to ryots for some years for bringing them fit for cultivation. For some years past a revenue of Rs.250/- to 300/- is coming in after a payment of Kandayam to Govt: Such proceeds weren't used for the intended purpose.

Admission, Treatment and disposal of Orphans.

12. At this distant date even, no rules have been framed to admit orphans. Admissions are usually given according to the whims and fancy of the Manager. Treatment of boys needs an explanation. Even after six months from the opening ceremony of its New Buildings the orphans weren't allowed to live in until an unpleasant tussel emanated between us and they actually forced in. This may be corroborated by the present orphans on an enquiry. The best and major portions have been in use for purposes other than what was originally intended. A thorough overhauling arrangement is now essential. To serve you as concere example I would mention here:--- In a room orphans are made to sit and a teacher will attend on them. One reads Kannada first-book, other English Reader, another reads Geography and another continues crying after receiving cuts from his teacher. In this midst of such a disturbance boys are made to read. On several occasions boys have complained that they waste time like this and they were not cared for. These poor orphans are being sent as a rule to Dodanna School and being teased all hours. This School being free these boys are sent out. I wish to approach the Education Secretary to give these boys a free admission in any one of the Government Schools and hope to meet with a success. These boys are getting an Industrial grant from the Education Department. a major portion has been used up for [illegible] Invariably these have been dismissed for any natural mischieves of boys. that usually do.

ORPHANAGE CONTINUED.----

13. Now, it is for the donors of grants-in-aid, liberal contributors and subscribers---Our Highness' Government, His Highness the Yuvaraja Bahadur and general public---to see that these helpless are not in any way overtaxed or oppressed, and the rights of none either young or old are outraged, or are made the victims of tyranny displayed in such a sacred Institution, where, mercy, love, devotion and justice should only prevail. I would therefore request the officers to frame such rules as to be a guide for future admittions. For instance, 41 orphans are shown in the last report and the actual number for which I am signing is only 27. I do not know myself under what circumstances the number of orphans have been increased and how a decrease of 14 is come in. If orphans have places to go as thay wished they are not bonafides deserving admissions. Above all I would request you to order the food of orpahns prepared in temple and serve them after consecration to God. This arrangement will do away with two establishments.

VI. LIBRARY AND FREE READING ROOM.

14. This branch gets from the Education Department a monthly grant-in-aid of Rs.35/- and Rs.25/- from Municipality. The latter grant has, somehow, been delayed, in spite of my representations to the Honarary President. It is hoped however that he will be pleased to pass a payment, as other officers have been pleased to pay. The development of this Branch has been totally forgotten and the Libraries that have sprung up after this have been superceded both in its increasing facilities afforded and extensions of Buildings given. An estimate and plan were prepared some years ago and submitted to Government for help. Ghvernment in the Educat Deaortment have promised tp pay a moiety, which was not availed of. To make a separate accomadation to readers of books is foun quite essential. But there is no go here. As this is located in a thickly populated place and a place known to Public from long time, visitors throng in the evenings and invariably get for want of a seat. If Education Secretary and Honorary Pres

(LIBRARY CONTINUED)

President of the City Municipal Council come forward combinedly to make up the amount for Building and to fill up the graet want of this Library, I am sure that they will be making this place as one of the intelectual centres in the City proper. It is rumoured that some help will be offered for the purchase of books and Almirahs from the Public Library fund and I await the conditions with which this help comes forward.

14. The reading visitors are only having 5 hours in a day with the exceptions of holidays. Saturday mornings are closed, for the peon is availed of on Mandiram work, and the evenings Ladies' gatherings take place. So Saturday, and half Sunday will be closed against the interests of reading public. Visitors approached me on several occasions to see that the Ladies' Gatherings take place in the Temple or the Hall intended for Industrials opposite the Mandiram. Besides, this kind of weekly gatherings in this Library Hall requires a constant change of permanent fixtures in order to give room to place more chairs and benches, borrowed from private houses, which brings in unpleasent guests (Bugs) to readers. Above all the Chunnam Plasterings of the flour goes away before the institution could think of repairs. Under the circumstances, I would earnestly request to free this branch from the above troubles arising from weekly gathering of ladies.

15. This Library has no Librarian from the very commencement. The proceeds from a charge made for several years have been used to pay for Mandiram Cook, that is, up to the sanction of an additional grant of Rs.15/- from Muzrai Department. You may be able to find this fact from the accounts when you find the absence of a signature against the charge. An appointment of a Librarian is very essential, as otherwise the books that are stocked at great

Expensive books presented by public
will be invaded by worms and insects, as can be seen on an examination. White-ants have eaten away a number of Government Records. Almirahs are necessary. My cry for them has become futile. I am only representing facts with a view to bring everything to orderliness, and I beg to fly on to an important branch that is being watched by public with great interest and that is, The Ladies Section' with which this Library is being tackled on with no advantage to it practically.

VII. L A D I E S' A S S O C I A T I O N.

16. It is quite an ammusing affair to note how late Mr. Charlu reported to Government and submitted a memorial to His Highness that his work may be found as unique in character and that a man has not yet been born to succeed him.' while big administrations, spiritual institutions find some one or the other to succeed them, with ease, and that his work was all along been carried out by himself and of late with the help of his wife, perhaps since the opening of this Association. Much may be written or said about the organisation and work turned out and for fear of this representation becoming huge and fear of that disgust and unpleasentness always come out of an independent expression, I only stop on saying this much with a sincere wish for good to Srinivasamandiram and Charities, where I remained an orphan and even now remain as a worker. [redacted] This Association has been proved to be a useful element in the payment of subscriptions &c, and how these have been utilised, I am not aware, though I happen to be the man who worked in its initial stages The only good this section of the Meddiram appears to have done in the course of 10 years of its existence is, that a few of its members and constant visitors have grown and are growing more fashinable with a gradual decrease of family ties

tie and affection and an ever increasing expense and annoyance to their young and old belongings, as I have personally found with the disappearance of all sympathy and affection which its Honorary Secretary had towards her own brother, his family and children, prior to the existence of this Association. Dis-satisfied members have left this Association and found new Associations elsewhere - otherwise this branch would have been proved as helpful as possible to other activities in particular to the advantage of orphans. Since this Association has been dragging on, somehow, for nearly 10 years, I wish sincerely a prosperous career to it and at the same time suggest that it may carry with its gatherings separately and free the library.

C O N C L U S I O N.

I would respectfully point out that after the demise of Mr. Gopalacharlu, the public are not aware as to how the management of the Mandiram has to go on and I request the Government, through you to issue the proposed scheme early so that the interested persons may begin to work with vigour and bring the Institution to a more prosperous condition and to a pitch of popularity. I beg also to submit with due respect that after causing a through enquiry:—

(a) as to the truth of the allegations made in this "Confidential report", and do justice to those that have actually worked and suffered and appoint Prof. T. Venkatachar, Accountant to Govt. College & B. N. Venkatramiah, B.A. as additional members in place of Official Nominees proposed by mistake. Both are in touch with the work

(b) as to the rights and capabilities of my humble self, to have an independent voice in the conduct and development of this institution, aided by the advice of a Committee already proposed.

(c) as to order me or some suitable gentleman to

work at its head, so that the public may know by a publication of such an order made in the Govt. Gazette soon. He must necessarily be a family man & not a barren & also to consider

(d) a Committee consisting of Gentlemen having a Lady as its Honorary Secretary may not prove feasible to the development of an institution like so many activities that requires improvement in all its phases.

I have tried in the above paras all past and present work of this Institution and also touched here and there as to how this work has to be carried on and I beg to be excused for any undue openness in bringing many of the sealed affairs to light. This is being done purely & honestly in the interests of the Mandiram and its charities.

G. Sethuraman.

Please be good enough to go over these papers & return the covering letter.

Subject. A scheme of management for Srinivasa Mandiram and other allied institutions.

Srinivasa Mandiram otherwise known as Sri Byatarayaswami temple was many years ago an insignificant temple in a much neglected and dilapidated condition. Mr. Lakshmanachar, the uncle of the late Mr. Gopalacharlu, interested himself in its affairs, but it owes its present condition almost entirely to the labours of the nephew. Early in life he dedicated himself to the work, travelled far and wide, collected subscriptions, renovated and extended the building and improved and popularized the institution. An orphanage and a free reading room and library were in course of time added on and much thought and trouble were spent in their development.

The late Mr. Gopalacharlu derived some amount of public support for these movements. This fell however far short of the growing needs of the institution and from time to time he had to apply for Government help in carrying on the work which was readily and generously accorded to him in the following manner:—

(1) The original assets of the

temple which stood at Rs.17-7-0 per annum was raised to Rs.197-7-0 and besides this a sum of Rs.120/- was gratuously granted by His Highness from the Palace Funds for the oditara and seeps radane of the temple.

(2) Rs.25/- per month was granted for the maintenance of orphans which was later raised to Rs.50/- and subsequently to Rs.100/-.

(3) A grant of Rs.30/- per mensem was made from the Educational Budget as scholarship to the orphans.

(4) A grant of Rs.35/- per mensem from the same source was made in support of the Reading Room and Library.

(5) In addition a grant of Rs.25 per mensem was also made by the City Municipality for the same purpose.

Besides the above recurring grants, substantial help to the extent of Rs.8000/- was rendered in acquiring a few houses for the extension of the Pandiruvedi in the construction of a building for the orphanage also ten acres of land under the Kanniyakula extension in the Vedaranyam Taluk were granted free of upset price for the benefit of the orphanage.

Ever since 1910 Mr. Gopal Krishna was being pressed by Government to [illegible]

working of the Mandiram on a secure basis. After considerable delay and apparently with some reluctance and misgivings, certain proposals were received from him which are summarised below.

In his letter dated 28th June 1915, he suggested the nomination of a Committee of three gentlemen and 2 visitors with Mrs. Gopalacharlu as Honorary Secretary during life and Messrs. Seshacharlu and Ramabhadrudu as Assistant Secretaries. This recommendation was submitted at a time when Mr. Gopalacharlu was suffering from a severe illness which probably accounts for the omission of his own name. Again with his letter dated 10th July 1916 he submitted a copy of the memorial addressed to His Highness wherein he prayed that the institution might be taken under the Palace management and that a committee of management sketched out roughly therein might be appointed after the life time of both himself and his wife. This was apparently declined and the proposals were therefore submitted to him for the orders of Government. Under this a Committee of management consisting of 3 official and four non-official Members including two ladies was suggested.

Throughout the proposals there seems to be an under-current of an assumption that the Palace pays

powers over the institution were much wider than those of a mere Manager and that he had in some undefined way a right to appoint his successor and to determine how the institution should be managed This position is apparently untenable as the temple on which all the activities are founded, though left in his unfettered management, still continued to be a Imperial one. However this may be viewed, there need be no objection in framing a scheme of management to respect the views of the deceased, so long at least as this does not conflict with the interests of the institution

The main points on which a deal of anxiety appears to have been felt by the deceased may be summed ~~up~~ arised as follows:--

(1) That the subsidiary activities which have been brought into existence should be carried on as an integral part of the temple.

(2) That the Pandiram and Charities should be treated as a single unit and placed under the same management.

(3) That there should be an enlightened Committee of officials and non-official gentlemen who should guide the working

(4) That there should be a Superintendent and his wife residents on the premises who ~~would~~ Should look to all the

concerns.

(5) That during her life time Mrs. Gopalacharlu should have a controlling voice in the institution.

Fortunately these requirements can be largely satisfied by the scheme of management sketched out below. The present activities of the Mandiram are ~~four~~ three-fold. These are the religious services in the temple, the maintenance of the orphan home and the spread of enlightenment by free access to the Library and reading room or shortly religious, social and educational activities. There is not in intrinsically wrong in combining these functions provided care is taken to keep out any situation which may be felt to be repugnant to the central institution which must be considered to be the temple. In addition to these activities, there has of lately been working in association with the Mandiram, a women's movement on social and educational lines. Being on a voluntary basis and maintained by donations and subscriptions of members, it need not be taken into account for the present purpose.

As recommended by the late Mr. Gopalacharlu, the Committee of management may consist of seven gentlemen, three of whom to be official and the rest non-official but considerable alterations in the personnel of the Committee will have to be made

to make it workable. At least for the present the representation of ladies in the Committee will have to be dropped.

As regards the 4th and 5th points mentioned above, Mrs. Gopalacharlu will be useful as Lady Superintendent of the Women's Institution with a clerk under her who will also work as the Librarian of the Reading Room. We may be her brother Mr. C. Gopalacharlu but judging from his recent communications, it is very doubtful if these two will agree together or if the latter would work in subordination.

The main lines on which the business of the Institute should be managed are sketched out in the accompanying rules and the details will have to be worked out by the Committee of management.
